Creative Wheel House - Visual Evolution

Jeremy Longshore

January 09, 2026

---

1 Creative Wheel House - Visual Evolution

A chronological record of project architecture and workflow evolution. Each session adds new diagrams showing the state at that point in time.

How to read this document: - Most recent session at the top - Scroll down to see project history - Each diagram is self-explanatory with labels - Use for quick visual scans of progress

---

1.1 Session: 2026-01-09

1.1.1 Technical Architecture Overview

System architecture showing client, compute, AI/ML, and data layers.

1.1.2 GCP Infrastructure Architecture

Production cloud infrastructure with Vertex AI, Cloud Run, and data services.

1.1.3 Session Progress Metrics

Current session statistics and workflow status.

1.1.4 Session Workflow Pipeline

End-to-session automation from code changes through delivery.
