Creative Wheel House - Visual Evolution

Jeremy Longshore

January 09, 2026

---

1 Creative Wheel House - Visual Evolution

A chronological record of project architecture and workflow evolution.

How to read: Most recent session at top. Optimized for color printing.

Note: Landscape optimization for wide diagrams is a work in progress.

1.1 Session: Jan-09-2026

1.1.1 GCP Infrastructure Architecture

Production cloud infrastructure with Vertex AI, Cloud Run, and data services.

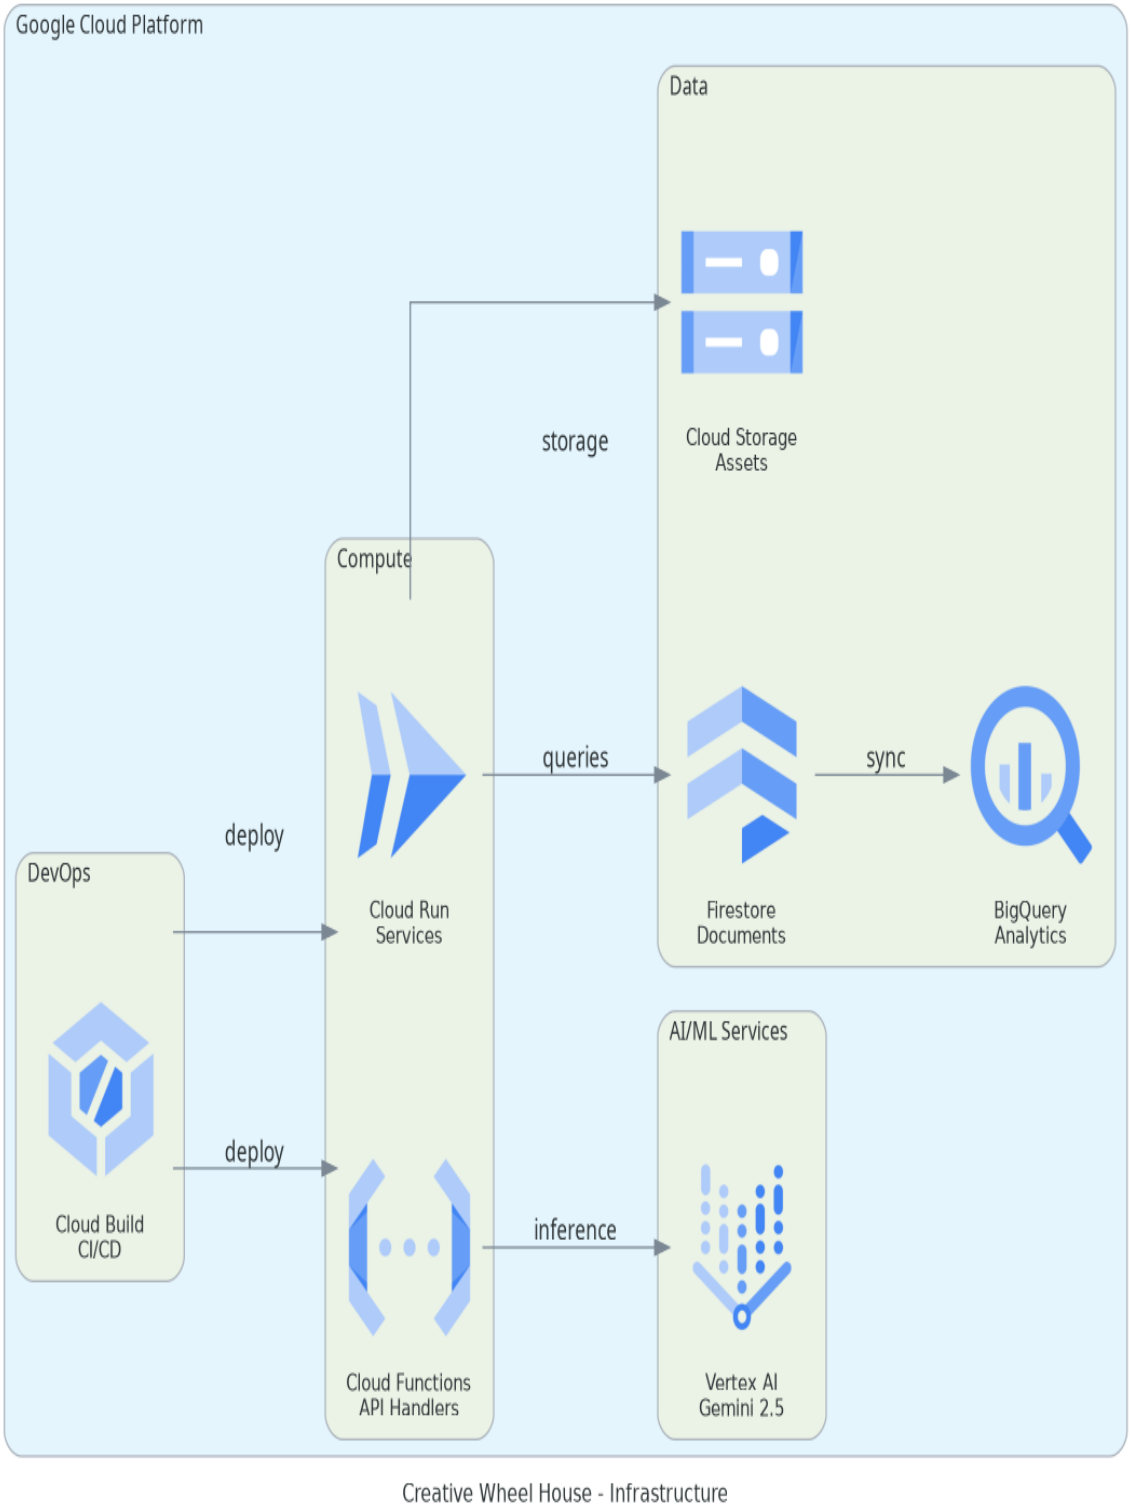

Figure 1: GCP Architecture

1.1.2 Technical Architecture Overview

System architecture showing client, compute, AI/ML, and data layers.

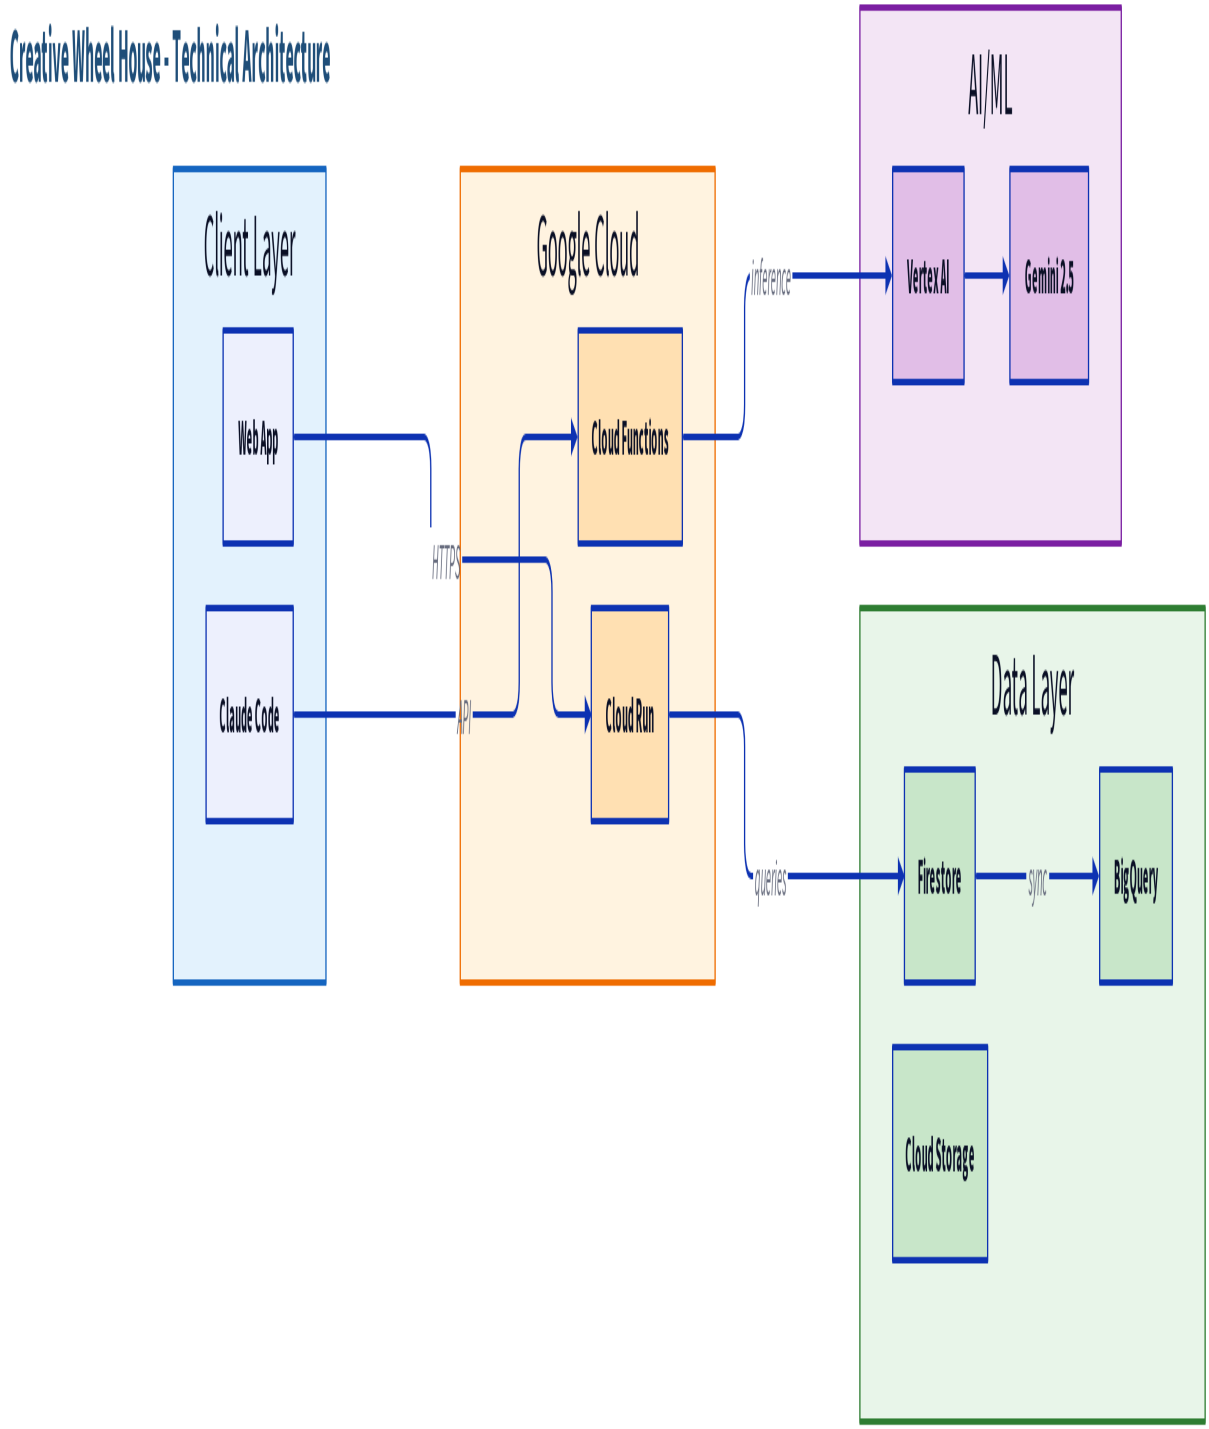

Figure 2: Technical Architecture

1.1.3 Session Workflow Pipeline

End-to-session automation from code changes through delivery.

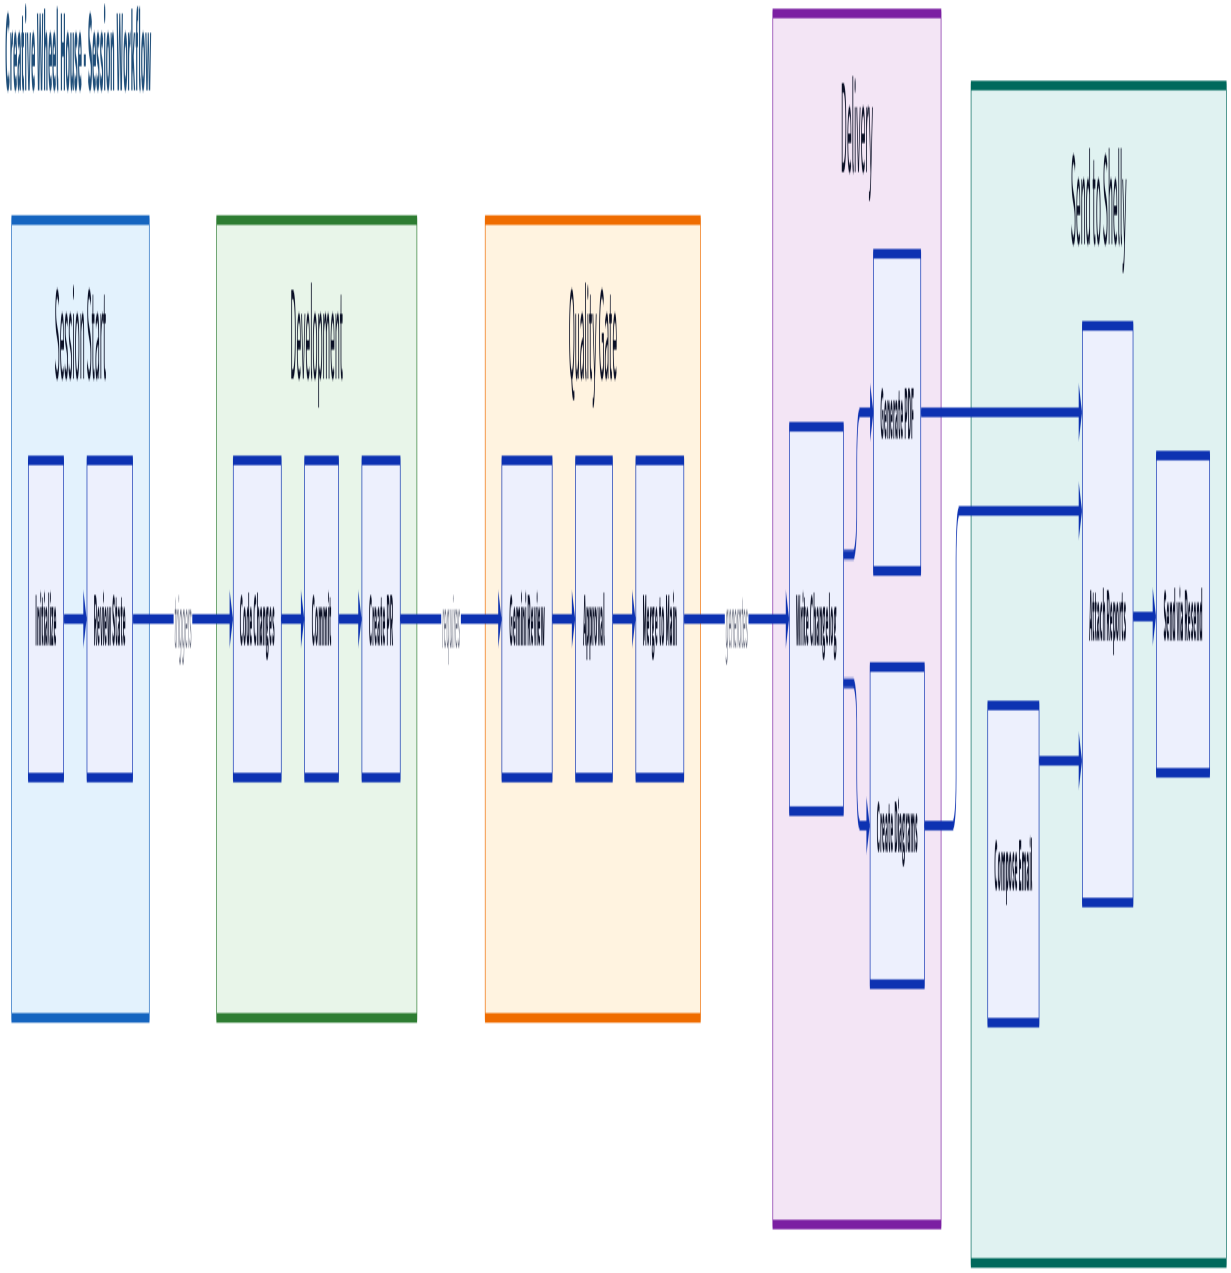

Figure 3: Workflow

1.1.4 Session Progress Metrics

Current session statistics and workflow status.
